## Adding videos to your Accessibility Guide

You can add links to videos which you have posted on YouTube or Vimeo by simply adding the name of the video and the relevant url:

Add video link ⓘ	
<b>Title *</b>	<b>URL</b>
<input type="text" value="The Scotch Whisky Experience"/>	<input type="text" value="https://youtu.be/bBtK-OBqFJg?t=29"/>

To do this open a new window and search for YouTube or Vimeo and search for the video you want add a link to, then once you have the video you want right click your mouse somewhere on the video itself and select the option which says **'copy video URL'** . Then, go back to the questionnaire and paste the URL into the 'Add video link box' and give the video a title.

You can add a video to each section of the guide, including the front page of the online guide:
